UPMC Somerset Pain Managment	**UPMC Somerset Pain Management – Johnstown**	**UPMC Somerset Pain Management – Greensburg**
126 E. Church St, Suite 2400 Second Floor Somerset, PA, 15501	348 Budfield St Johnstown, PA 15904	410 Pellis Rd, Suite 1B Lower Level Greensburg, PA 15601

Welcome to UPMC Somerset Pain Management,

Your healthcare provider had requested a consultation with our office to discuss interventional pain management. Please review and complete all paperwork PRIOR to your scheduled appointment. Allow approximately 45 minutes to complete the paperwork as accurately as possible. **Remember to bring the completed forms to your visit. (Failure to complete your paperwork may result in a rescheduling of your appointment.)**

PLEASE ARRIVE 20 MINUTES PRIOR TO YOUR FIRST SCHEDULED APPOINTMENT TIME.

Please bring the following:

- **Completed paperwork**
- **Current Driver's License/Photo ID**
- **Current Insurance Card**
- **Current Medication List with dosage and frequency**
- **Additional Xray, CT scan, MRI, or EMG reports and disc (ONLY if performed outside of the UPMC or Conemaugh)**

The initial patient consultation will include a detailed pain history, physical exam, review of available diagnostic material, and a discussion of possible treatment modalities.

Several treatment modalities will require specific diagnostic testing as well as a detailed discussion regarding possible risks, benefits, and reasonable alternatives. Furthermore, your insurance will require office visit documentation before most treatment plans can be approved. **As such, your initial visit will not typically include performing injections. All UPMC Somerset Pain Management locations do not routinely prescribe narcotic medications for non-cancer related pain.**

Should you need to cancel or change your initial appointment please notify our office **at least 24 hours in advance**, otherwise your rescheduling status will be placed in review.

Should you have any questions, please contact the office at **814-443-5800**

TREATMENT DISCLAIMER

UPMC Pain Management does not routinely prescribe narcotic medications for non-cancer related pain as part of an integrative pain management approach at our Outpatient Centers in Greensburg, Johnstown, or Somerset locations. We request you discuss any opiate-based treatments with your primary caregiver. An opiate consultation can be made at the request of your primary care physician through our provider referral form.

Personal Representative Designation Form

Dear Patient:

We understand that you wish to appoint a personal representative to act on your behalf as described below. In regard to this matter, the privacy of your health care information is important to us. In the spaces below, provide the requested information about yourself (the patient) and the person you are designating to act as a personal representative concerning your health care information. Once you return this completed, signed, and dated form to us, we can verify your request, adjust our records accordingly, and speak to your personal representative.

Read this form carefully and then fill it out completely by printing or typing. If printing, use a pen.

Note that, subject to the disclaimers in the following paragraph, this form can be used to document the following types of personal representative activities on behalf of the patient:

- Make appointments for health care services;
- Have discussions with health care providers about routine tests and treatments (that do not require informed consent);
- Access to medical information, as necessary, to have discussions with health care providers about routine tests and treatments. However, unless the personal representative is a licensed physician who is credentialed to provide healthcare services at UPMC, use of UPMC's internal electronic medical record systems to access such medical information is not permitted.

Note that this form is <u>not applicable and cannot be used</u> for UPMC behavioral health patients or for any patient when major health care decisions are involved, including, but not be limited to:

- Procedures/services that require informed consent (and withdrawal of consent if applicable);
- Admissions to and discharges from nursing homes or other long-term care facilities;
- Donation of organs, body parts, or body for medical purposes, including the authorization of an autopsy;
- Continuation or withdrawal of life support; and
- For major health care decisions, a formal power of attorney or living will is required.
